

HR LEADERS ICEBERG

HR Leaders operate like the proverbial iceberg, with much of their crucial work concealed beneath the surface. While they may not always be in the spotlight, their contributions are invaluable. They tirelessly manage risks, coach leaders on effective people management, strategically plan for a competitive edge, and champion the people agenda. It's a challenging role that often goes unnoticed but is integral to an organisation's success. This is far from easy work.

What people see...

What people don't see...
